

ORDINANCE NO. 3489

AN ORDINANCE OF THE CITY OF STILLWATER, OKLAHOMA GRANTING A NON-EXCLUSIVE PERMIT TO CLARITY TELECOM, LLC FOR THE CONSTRUCTION AND OPERATION OF A CABLE SYSTEM.

WHEREAS, the City of Stillwater's role as manager of public rights-of-way and easements and as a regulator of cable service requires it to maintain a fair and level playing field for all such service providers; and

WHEREAS, the City of Stillwater (Stillwater) and Clarity Telecom, LLC (Clarity) have determined that it is in the best interest of all parties, including the citizens of Stillwater that Clarity be permitted to construct and operate a cable system to provide cable services within the City of Stillwater; and

WHEREAS, the City Council has relied on Clarity's representations and has considered all information presented to it by Clarity, by City staff, and the public, and has determined that Clarity has the technical, legal, and financial ability to construct and operate a cable system and to provide cable services; and

WHEREAS, based upon such representations, the City Council has determined that it will grant to Clarity a non-exclusive permit to construct, install, maintain and operate a cable system in the City of Stillwater, subject to the terms and conditions set forth herein and applicable federal, state, and municipal statutes, regulations and ordinances, is consistent with the public interest.

NOW, THEREFORE, BE IT ORDAINED BY THE STILLWATER CITY COUNCIL THAT THE FOLLOWING ORDINANCE BE ENACTED:

SECTION 1: Definition of Terms

For the purpose of this ordinance (the "Ordinance"), the following terms, phrases, words and abbreviations shall have the meanings ascribed to them below. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number, and words in the singular number include the plural number:

- a. "Affiliate" means an entity which owns or controls, is owned or controlled by, or is under common ownership or control with Clarity.
- b. "Basic Cable" means the tier of Cable Service regularly provided to all Subscribers that includes the retransmission of local broadcast television signals.
- c. "Cable Service" means (i) the one-way transmission to Subscribers of Video Programming or other programming service, and (ii) Subscriber interaction, if any, which is required for the selection or use of such Video

Programming or other programming service.

- d. "Cable System" means a facility, consisting of a set of closed transmission paths and associated signal generation, reception, and control equipment or other equipment that is designed to provide Cable Service or other service to Subscribers.
- e. "FCC" means Federal Communications Commission, or successor governmental entity thereto.
- f. "Permit" means the initial authorization, or renewal thereof, issued by the City of Stillwater whether such authorization is designated as a franchise, permit, license, resolution, contract, certificate, or otherwise, which authorizes construction and operation of the Cable System for the purpose of offering Cable Service or other service to Subscribers.
- g. "Person" means an individual, partnership, association, joint stock company, trust corporation, or governmental entity.
- h. "Public Ways" means the surface of, and the space above and below, any public street, highway, freeway, bridge, land path, alley, court, boulevard, sidewalk, parkway, way, lane, public way, drive, circle, or other public right-of-way, including, but not limited to, public utility easements, dedicated utility strips, or rights-of-way dedicated for compatible uses and any temporary or permanent fixtures or improvements located thereon now or hereafter held by Stillwater in the Service Area which shall entitle Stillwater and Clarity to the use thereof for the purpose of installing, operating, repairing, and maintaining the Cable System. "Public Ways" also means any easement now or hereafter held by Stillwater within the Service Area for the purpose of public travel, or for utility or public service use dedicated for compatible uses, and shall include other easements or rights-of-way as shall within their proper use and meaning entitle Stillwater and Clarity to the use thereof for the purposes of installing or transmitting Clarity's Cable Service or other service over poles, wires, cables, conductors, ducts, conduits, vaults, manholes, pedestals, amplifiers, appliances, attachments, and other related property or equipment as may be necessary or appurtenant to the Cable System. This term does not include any right-of-way, easement, or similar grant dedicated to Stillwater or any other franchisee, permit or license holder operating within the City of Stillwater, for a singular, specific, express, exclusive, or limited purpose.
- i. "Service Area" means the present municipal boundaries of the City of Stillwater, Oklahoma and all areas annexed into the City of Stillwater, Oklahoma in the future.
- j. "Stillwater" means the City of Stillwater, Oklahoma, a municipal corporation.

- k. "Subscriber" means a user of the Cable System who lawfully receives Cable Service with Clarity's express permission.
- l. "Clarity" means Clarity Telecom, LLC, or the lawful successor, transferee, or assignee thereof.
- m. "Video Programming" means programming provided by, or generally considered comparable to programming provided by, a television broadcast station.

SECTION 2: Grant of Permit

2.1 Grant. Stillwater hereby grants to Clarity a nonexclusive Permit which authorizes Clarity to construct and operate a Cable System and offer Cable Service and other service in, along, among, upon, across, above, over, under, or in any manner connected with Public Ways within the Service Area and for that purpose to erect, install, construct, repair, replace, reconstruct, maintain, or retain in, on, over, under, upon, across, or along any Public Ways and all extensions thereof and additions thereto, such poles, wires, cables, conductors, ducts, conduits, vaults, manholes, pedestals, amplifiers, appliances, attachments, and other related property or equipment as may be necessary or appurtenant to the Cable System. Nothing in this Permit shall be construed to prohibit Clarity from offering any service over its Cable System that is not prohibited by applicable law.

2.2 Term. The Permit granted pursuant to this Ordinance shall be for a term of ten (10) years from the passed and adopted date of the Permit unless otherwise lawfully terminated in accordance with the terms of this Ordinance.

2.3 Acceptance. Clarity shall accept the Permit granted pursuant hereto by signing this Ordinance and filing same with the City Clerk within sixty (60) days after the passage and final adoption of this Ordinance.

2.4 Favored Nations. In the event Stillwater enters into or has entered into a Permit with any Person other than Clarity to enter into Stillwater's Public Ways for the purpose of constructing or operating a Cable System or providing Cable Service or video service to any part of the Service Area, the material provisions thereof shall be reasonably comparable to those contained herein, in order that one operator not be granted an unfair competitive advantage over another, and to provide all parties equal protection under the law.

If another provider of Cable Services, video services or other television services utilizing any system or technology requiring use of the Public Ways in the Service Area, is lawfully authorized by any governmental entity or otherwise exempt from obtaining a franchise to provide such services Stillwater hereby agrees that, upon a request from Clarity, as a matter of law, Clarity's Permit will be modified within thirty (30) days of the granting of such authorization or exemption for the purpose of establishing the same terms and conditions as such person(s) on a competitively neutral basis. Except as specifically provided in this paragraph, neither party shall

be permitted to take any unilateral action that materially changes the explicit mutual promises and covenants contained in this Permit, and any changes, modifications or amendments to this Permit must be made in writing signed by the parties.

2.5 Change of law. In the event the federal, state or local law, rules or regulations are amended, modified or created that have the effect of modifying the terms and conditions of this Permit during the Term or any extension thereof, Clarity has the sole option to terminate this Permit upon ninety (90) days notice to Stillwater. Nothing in this Permit shall be construed to impair the right of Clarity to terminate this Permit and, at Clarity's option, negotiate a renewal or replacement franchise, license, consent, certificate or other authorization with any appropriate government entity (such as the State of Oklahoma). To the extent that Clarity obtains an authorization to operate a network and serve customers under applicable laws in lieu of this Permit, Clarity shall have the right to terminate this Permit upon 90 days prior written notice to Stillwater.

2.6 Renewal of Permit. Prior to the end of the Permit term, Stillwater and Clarity agree to enter into good faith negotiations regarding the renewal, modification, and/or extension of this Permit.

SECTION 3: Standards of Service

3.1 Conditions of Street Occupancy. All transmission and distribution structures, poles, other lines, and equipment installed or erected by Clarity pursuant to the terms hereof shall be located so as to cause a minimum of interference with the proper use of Public Ways and with the rights and reasonable convenience of property owners who own property that adjoins any of such Public Ways. Clarity shall comply with all right-of-way and easement management ordinances and/or regulations enacted by Stillwater, including such ordinances and/or regulations enacted after the effective date of this Permit.

3.2 Restoration of Public Ways. If during the course of Clarity's construction, operation, or maintenance of the Cable System there occurs a disturbance of any Public Ways by Clarity, it shall, at its expense, replace and restore such Public Ways to a condition reasonably comparable to the condition of the Public Ways existing immediately prior to such disturbance.

3.3 Relocation at Request of Permitting Authority. Upon its receipt of reasonable advance notice, Clarity shall, at its own expense, protect, support, temporarily disconnect, relocate in the Public Ways, or remove from the Public Ways, any property of Clarity when lawfully required by Stillwater by reason of traffic conditions, public safety, street abandonment, freeway and street construction, change or establishment of street grade, installation of sewers, drains, gas or water pipes, or any other type of structures or improvements by; Stillwater; but, Clarity shall in all cases have the right of abandonment of its property. If public funds are available to any company using such street, easement, or right of way for the purpose of defraying the cost of any of the foregoing, such funds shall also be made available to Clarity.

3.4 Relocation at Request of Third Party. Clarity shall, on the request of any Person holding a building moving permit issued by, Stillwater, temporarily raise or lower its wires to permit the moving of such building, provided: (a) the expense of such temporary raising or

lowering of wires is paid by such Person, including, if required by Clarity, making such payment in advance; and (b) Clarity is given not fewer than ten (10) business days advance written notice to arrange for such temporary wire changes.

3.5 Trimming of Trees and Shrubbery. Clarity shall have the authority to trim trees or other natural growth overhanging any of its Cable System in the Service Area so as to prevent branches from coming in contact with Clarity wires, cables, or other equipment. Clarity shall reasonably compensate Stillwater or property owner for any damages caused by such trimming.

3.6 Safety Requirements. Construction, installation, and maintenance of the Cable System shall be performed in an orderly and workmanlike manner. All such work shall be performed in substantial accordance with applicable FCC or other federal, state, and local regulations. The Cable System shall not unreasonably endanger or interfere with the safety of persons or property in the Service Area.

3.7 Aerial and Underground Construction. In those areas of the Service Area where all of the transmission or distribution facilities of the respective public utilities providing telephone communications and electric services are underground, Clarity likewise shall construct, operate, and maintain all of its transmission and distribution facilities underground; provided that such facilities are actually capable of receiving Clarity's cable and other equipment without technical degradation of the Cable System's signal quality. In those areas of the Service Area where the transmission or distribution facilities of the respective public utilities providing telephone communications and electric services are both aerial and underground, Clarity shall have the sole discretion to construct, operate, and maintain all of its transmission and distribution facilities, or any part thereof, aerially or underground. Nothing contained in this Section 3.7 shall require Clarity to construct, operate, and maintain underground any ground-mounted appurtenances such as subscriber taps, line extenders, system passive devices (splitters, directional couplers), amplifiers, power supplies, pedestals, or other related equipment. Notwithstanding anything to the contrary contained in this Section 3.7, in the event that all of the transmission or distribution facilities of the respective public utilities providing telephone communications and electric services are placed underground after the effective date of this Ordinance, Clarity shall only be required to construct, operate, and maintain all of its transmission and distribution facilities underground if it is given reasonable notice and access to the public utilities' facilities at the time that such are placed underground.

3.8 Subscriber Charges for Extensions of Service. No Subscriber shall be refused service arbitrarily. However, for unusual circumstances, such as a Subscriber's request to locate his cable drop underground, or the existence of more than one hundred fifty (150) feet of distance from Clarity's distribution cable to the individual's connection point for Cable Service, the Cable Service may be made available on the basis of a capital contribution in aid of construction, including cost of material, labor, and easements. Potential subscribers shall bear the costs of the construction and other costs on a *pro rata* basis. Clarity may require payment in advance of the capital contribution in aid of construction borne by such potential subscribers.

3.9 Pole Attachments. Utility poles owned by Stillwater or an affiliated entity shall be available for use by Clarity. Clarity shall pay Stillwater at the rates set forth in the Stillwater Utilities Authority Pole Attachment Licensing Agreement between the parties.

SECTION 4: Regulation by Permitting Authority

4.1 Permit Fee. During the term of this Permit, Clarity shall pay to Stillwater a fee equal to five percent (5%) of the gross revenues of Clarity and its affiliates collected from each subscriber to Clarity's Cable Services, and five percent (5%) of the portion of gross revenues from advertising which are defined below (collectively, the "Permit Fee"). The Permit Fee may be identified and passed through on any subscriber bill by Clarity, and all such fees collected will be forwarded to Stillwater quarterly and shall be due forty-five (45) days after the end of each calendar quarter.

(A) For purposes of this Permit, gross revenues are limited to the following:

- (1) recurring charges for Cable Services;
- (2) event based charges for Cable Services, including but not limited to pay-per-view and video-on-demand charges;
- (3) rental of set top boxes and other Cable Services equipment;
- (4) service charges related to the provision of Cable Services, including, but not limited to, activation, installation, and repair;
- (5) administrative charges related to the provision of Cable Services, including, but not limited to, service order and service termination charges; and
- (6) amounts billed to Cable Services subscribers to recover the Permit Fee authorized by this section.

(B) For purposes of this Permit, gross revenues do not include:

- (1) uncollectible fees, provided that all or part of uncollectible fees which is written off as bad debt but subsequently collected, less expenses of collection, shall be included in gross revenues in the period collected;
- (2) late payment fees;
- (3) revenues from contracts for in-home maintenance service unless *they* relate solely to maintenance on equipment used only for the provisioning of Cable Services and not for the provisioning of any other service provided by Clarity or its affiliates;

(4) amounts billed to Cable Services subscribers to recover taxes, fees or surcharges imposed upon Cable Services subscribers in connection with the provision of Cable Services, other than the Permit Fee authorized by this section;

(5) revenue from the sale of capital assets or surplus equipment; or

(6) charges, other than those described in subsection (A), that are aggregated or bundled with amounts billed to Cable Services subscribers.

(C) Gross revenues which are subject to the Permit Fee paid by Clarity additionally include a pro rata portion of all revenue collected by Clarity pursuant to compensation arrangements for advertising (less any commissions Clarity receives from any third parties for advertising) and home-shopping sales derived from the operation of Clarity's Cable System within the Service Area. Advertising commissions paid to third parties (excluding any refunds, rebates, or discounts the Company may make to advertisers) shall not be deducted from advertising revenue included in gross revenue. The allocation of advertising and home-shopping revenue referred to above shall be based on the number of subscribers in Stillwater divided by the total number of subscribers in relation to the relevant regional or national compensation arrangement.

(D) Bundling discounts shall be apportioned fairly among video and other services. Clarity shall not apportion revenue in such a manner as to avoid the Permit Fee.

(E) The Permit Fee shall not apply to internet-based telephone services offered by Clarity. Should the FCC or any other federal or state governmental authority authorize the collection of such a fee during the term of this Permit, then Clarity shall, upon reasonable notice of the imposition of such a fee by Stillwater, commence remittance of two percent (2%) of the gross revenues collected from the sale of internet-based telephone services during the remaining term of this Permit. *This exclusion shall not apply to the payment of statutory "911" fees; such fees shall be collected and remitted by Clarity beginning the effective date of this Permit.*

(F) In the event that any other video services provider, including but not limited to a cable operator or open video service provider, enters into any agreement *or* makes any arrangement with City during the term of this Permit whereby it is required or allowed to pay a fee to Stillwater that is similar to the Permit Fee described herein, Permit shall allow Clarity to substitute the definition of "gross revenue" set forth in that agreement or arrangement for the definition of "gross revenue" set *forth* in this Permit immediately upon request of Clarity.

Clarity and Stillwater agree that the Permit Fee shall be in lieu of all other concessions, charges, excises, franchise, license, privilege, permit fees, taxes, or assessments *except sales* taxes, personal or real property taxes, and ad valorem taxes.

4.2 Rates and Charges. Stillwater may not regulate the rates for the provision of Cable Service or other service, including, but not limited to, ancillary charges relating thereto, except as expressly provided herein and except as may be authorized pursuant to federal and state law. From time to time, and at any time, Clarity has the right to modify its rates and charges, at its discretion

and without consent of Stillwater, including, but not limited to, the implementation of additional charges and rates; provided, however, that Clarity shall give notice to Stillwater of any such modifications or additional charges thirty (30) days prior to the effective date thereof.

4.3 Conditions of Sale. Except to the extent expressly required by federal or state law, if a renewal or extension of the Permit is denied or the Permit is lawfully terminated, and Stillwater either lawfully acquires ownership of the Cable System or by its actions lawfully effects a transfer of ownership of the Cable System to another party, any such acquisition or transfer shall be at a fair market value, determined on the basis of the Cable System valued as a going concern.

Clarity and Stillwater agree that in the case of a lawful revocation of the Permit, at Clarity's request, which shall be made in its sole discretion, Clarity shall be given a reasonable opportunity to effectuate a transfer of its Cable System to a qualified third party. Stillwater further agrees that during such a period of time, it shall authorize Clarity to continue to operate pursuant to the terms of its prior Permit; however, in no event shall such authorization exceed a period of time greater than six (6) months from the effective date of such revocation. If, at the end of that time, Clarity is unsuccessful in procuring a qualified transferee or assignee of its Cable System which is reasonably acceptable to Stillwater, Clarity and Stillwater may avail themselves of any rights they may have pursuant to federal or state law; it being further agreed that Stillwater's continued operation of its Cable System during the six (6) month period shall not be deemed to be a waiver, nor an extinguishment of, any rights of either Stillwater or Clarity. Notwithstanding anything to the contrary set forth in this Section 4.3, neither Stillwater nor Clarity shall be required to violate federal or state law.

4.4 Transfer of Permit. All of the rights and privileges and all of the obligations, duties and liabilities created by this Permit shall pass to and be binding upon the successors of Stillwater and the successors and assigns of Clarity and the same shall not be assigned or transferred without the written approval of the City Council, which approval shall not be unreasonably withheld; provided, however, that this Section shall not prevent the assignment or hypothecation of the Permit by Clarity as security for debt without such approval; and provided further that transfers or assignments of this Permit between any parent and subsidiary corporation or between entities of which at least fifty percent (50%) of the beneficial ownership is held by the same person, persons, or entities which are controlled or managed by the same person, persons, or entities, shall be permitted without the prior approval of Stillwater ("intracompany transfers"). Clarity shall notify Stillwater in writing within 30 days of the closing of such intracompany transfer.

SECTION 5: Compliance and Monitoring

5.1 Books and Records. Clarity agrees that Stillwater may review such of Clarity's books and records, during normal business hours and on a nondisruptive basis, as are reasonably necessary to monitor compliance with the financial terms hereof. Such records include, but are not limited to, any public records required to be kept by Clarity pursuant to the rules and regulations of the FCC. Notwithstanding anything to the contrary set forth herein, Clarity shall not be required to disclose information which it reasonably deems to be proprietary or confidential

in nature. Stillwater agrees to treat any information disclosed to it by Clarity as confidential, to the extent allowed by law, and to disclose it only to employees, representatives, and agents of Stillwater that have a need to know, or in order to enforce the provisions hereof.

SECTION 6: Insurance, Indemnification, and Bonds or Other Surety

6.1 Insurance Requirements. Clarity shall maintain in full force and effect during the term of the Permit, at its own cost and expense, Comprehensive General Liability Insurance in the amount of at least \$1,000,000. Such insurance shall designate Stillwater as an additional insured to the liability limits imposed by the Oklahoma Governmental Tort Claims Act, 51 O.S. §151, *et seq.*

6.2 Indemnification. Clarity agrees to indemnify, save and hold harmless, and defend Stillwater its officers, boards and employees, from and against any liability for damages and for any liability or claims resulting from property damage or bodily injury (including accidental death) which arise out of Clarity's construction, operation or maintenance of its Cable System, including, but not limited to, reasonable attorneys' fees and costs.

6.3 Bonds and other Surety. Except as expressly provided herein, Clarity shall not be required to obtain or maintain bonds or other surety as a condition of being awarded the Permit or continuing its existence. Stillwater acknowledges that the legal, financial, and technical qualifications of Clarity are sufficient to afford compliance with the terms of the Permit and the enforcement thereof. Clarity and Stillwater recognize that the costs associated with bonds and other surety may ultimately be borne by the Subscribers in the form of increased rates for Cable Service or other service. In order to minimize such costs, Stillwater agrees to require bonds and other surety only in such amounts and during such times as there is a reasonably demonstrated need therefor. Stillwater agrees that in no event, however, shall it require a bond or other related surety in an aggregate amount greater than \$100,000 conditioned upon the substantial performance of the material terms, covenants, and conditions of the Permit. Initially, no bond or other surety shall be required. In the event that one is required in the future, Stillwater agrees to give Clarity at least sixty (60) days prior written notice thereof stating the exact reason for the requirement. Such reason must demonstrate a change in Clarity's legal, financial, or technical qualifications which would materially prohibit or impair its ability to comply with the terms of the Permit or afford compliance therewith.

SECTION 7: Government and Educational Access; Emergency Alert

7.1 Government and Educational Access. During the term of this Permit, Clarity shall provide to Stillwater, one (1) dedicated, noncommercial access channel for use by Stillwater, and two (2) dedicated, noncommercial access channels for use by educational institutions within the City through Clarity's Cable System so long as Stillwater and the educational institutions designated by Stillwater provide any educational or governmental programming content in a format compatible with Clarity's technology. Stillwater and the educational institutions designated

by Stillwater shall provide this programming, and Clarity shall receive this programming, at Clarity's signal origination point in Stillwater. Stillwater and the educational institutions designated by Stillwater shall be solely and individually responsible for their own programming content.

7.2 Emergency Alert. Clarity shall comply with the federal Emergency Alert System regulations (47 C.F.R. Part 11).

SECTION 8: Miscellaneous Provisions

8.1 Preemption. If the FCC or any other federal or state body or agency shall now or hereafter exercise any paramount jurisdiction over the subject matter of the Permit then to the extent such jurisdiction shall preempt and supersede or preclude the exercise of the like jurisdiction by Stillwater the jurisdiction of Stillwater shall cease and no longer exist.

8.2 Employment Requirements. Clarity shall afford equal opportunity in employment to all qualified persons. No person shall be discriminated against in employment because of race, color, religion, national origin or sex. Clarity shall maintain and carry out a continuing program of specific practices designed to assure equal opportunity in every aspect of its employment policies and practices.

8.3 Notice. Unless expressly otherwise agreed between the parties, every notice or response to be served upon Stillwater or Clarity shall be in writing, and shall be delivered by a properly sealed and correctly addressed envelope by certified or registered mail, postage prepaid, at a Post Office or branch thereof regularly maintained by the U.S. Postal Service. If questioned, the party sending the notice shall have the burden to prove receipt or rejection. Rejected notices shall be deemed delivered. Stillwater and Clarity may designate such other address or addresses from time to time by giving written notice to the other party.

The notices or responses to Stillwater shall be addressed as follows:

City Clerk
City of Stillwater
723 South Lewis Street/P.O. Box 1449
Stillwater, Oklahoma 74076

The notices or responses to Clarity shall be addressed as follows:

Clarity Telecom, LLC
5100 S. Broadband Ln.
Sioux Falls, SD 57108
Attn: Legal Notices

Copy to: Clarity Telecom, LLC
c/o Holland & Hart LLP
555 17th Street, Suite 3200
Denver, CO 80202
Attn: Susan Oakes, Esq.

8.4 Descriptive Headings. The captions to Sections contained herein are intended solely to facilitate the reading thereof. Such captions shall not affect the meaning or interpretation of the text herein.

8.5 Severability. If any Section, sentence, paragraph, term, or provision hereof is determined to be illegal, invalid, or unconstitutional, by any court of competent jurisdiction or by any state or federal regulatory authority having jurisdiction thereof, such determination shall have no effect on the validity of any other Section, sentence, paragraph, term or provision hereof, all of which shall remain in full force and effect for the term of the Permit or any renewal or renewals thereof.

8.6 Force Majeure. The parties shall not be held in default under, or in noncompliance with, the provisions of the Permit, nor suffer any enforcement or penalty relating to noncompliance or default, where such noncompliance or alleged defaults occurred or were caused by circumstances reasonably beyond the ability of the parties to control. This provision includes, but is not limited to, severe or unusual weather conditions, fire, flood, or other acts of God, strikes, work delays caused by failure of utility providers to service, maintain or monitor their utility poles to which Clarity's Cable System is attached, as well as unavailability of materials and/or qualified labor to perform the work necessary.
