STILL PIONEERING

Learn more about City of Stillwater, how it operates, what services it provides, which projects are underway and plans for the future by scheduling a presentation for your group, special event or classroom.

Members of the Stillwater City Council and city staff are pleased to address specific municipal topics or to respond to general city-related questions.

Groups may include homeowners associations, school clubs, civic organizations, or any Stillwater group wanting to be informed.

The City of Stillwater Speakers Bureau is a free local service created to demystify the role of government. We want to be the best resource for getting answers to important questions about Stillwater.

Suggested Topics: (See webpage for more topics or call us.)

General Government

- Growing Stillwater: Learn about our changing business community and the tools used to promote strong growth
- How to get involved: Role of citizens in city government
